

## **DHONI STELLA & OVER REEF PRIVATE CHARTERS FUEL RATES & CONDITIONS**

For all new bookings from April 1st, 2026 onwards, fuel is excluded from the charter rate and will be charged based on consumption. Fuel prices will be periodically adjusted to reflect the prevailing market rate at the time of the cruise. The indicated fuel cost is an estimated lump sum and includes fuel for the yacht's navigation, tender operations, and onboard power generation. In accordance with local rules and regulations, payments are subject to a 10% service charge and 17% VAT.

### **CURRENT LOCAL FUEL RATE**

Diesel: **USD 1.91** per litre

### **DHONI STELLA 1 & 2**

Engine: 1 x Yanmar

Cruising speed: 8 knots

Average consumption: 35 liters per hour of navigation

Typical navigation: 3 hours per day on average

**Estimated fuel cost per day: USD 200.55 (before taxes)**

### **OVER REEF**

Engines: 2 x Volvo Penta

Cruising speed: 6 knots

Average consumption: 45 liters per hour of navigation

Typical navigation: 4 hours per day on average

**Estimated fuel cost per day: USD 343.80 (before taxes)**

**The above rates are subject to 10% service charge and 17% VAT**

Fuel allowance may be prepaid via wire transfer up to 30 days before the charter date, or settled at the end of the charter by cash or credit card based on actual consumption.
